"To Whom it Concerns"

AND

Lucas:

I want to say "Thank You Sooooo much" for the Super Care you & your staff showed & gave to my wife in her last days of life. The REAL concern & love they gave her & me in extremely hard time before she passed away was like having family here!

It's hard to put into words how I feel I knew they were real feelings plus I could rest & sleep because I could trust them not only with her care but also trust them in my home!

Thank you so much!

Debbie Lucas & my wife
who is now with God
